

October 24, 2016

Greetings:

Thank you for trusting me to care for you and/or your child at the Arthritis & Rheumatology Clinics of Kansas.

As you may know, I've been involved with the Arthritis Foundation for many years. The organization has an active presence in our community, and its primary mission is to fund critical research for 50 million Americans – like you – who live daily with arthritis. Every day, I have the opportunity to personally witness the fruits of that research as my patients receive new and improved therapies.

This year, I've been selected as the **Medical Honoree** of the Jingle Bell Run, which is the Arthritis Foundation's largest fundraiser of the year. The 5K run/walk takes place on Saturday, December 3, at Exploration Place, and I'm looking forward to participating for the 8<sup>th</sup> time. In addition, one of my patients – Allison Eaton, who is 17 – has been selected as the **Youth Honoree** of the Jingle Bell Run. That's us at the top of this letter.

Allison and I are hopeful that you'll consider joining us at the event or donating to our teams. You can support us by:

- Registering online at [www.jbr.org/Wichita](http://www.jbr.org/Wichita). My team is called Team ARCK, and Allison's team is called Team Allison.
- Making an online donation to Team ARCK or Team Allison or by sending a check to the Arthritis Foundation at 1900 W. 75<sup>th</sup> Street, Suite 200, Prairie Village, KS, 66208.

Share in the fun. Come jingle with us, and support the very important work of the Arthritis Foundation. Your support is greatly appreciated.

If you have any questions or would like additional information, feel free to contact the Arthritis Foundation at (913) 262-2233 or ARCK at (316) 612-4815. Thank you for your thoughtful consideration, and happy jingling!

Dr. Tim Shaver
